

Free Fats, Oil and Grease (food grade) Recycling

Help the city keep sewage where it belongs. Disposal of Fats, Oil and Grease (FOG) into the sanitary sewer system can clog pipes and create sewer backups and overflows. In an effort to reduce sewer backups and overflows, collect your FOG and bring it down to the City of West Sacramento's Public Works Department for free disposal. The collected FOG is hauled off and recycled.

This service is available to West Sacramento residents and is made possible by the City of West Sacramento and the Sacramento Rendering Company.

Drop off location:

City of West Sacramento
Public Works Department
1951 South River Road
(916) 617-4820

Days / Hours:

Monday - Friday: 8:00am to 4:30pm

Identification showing proof of residency required for disposal.
